John Reynolds, Pastor

St. John's Presbyterian Church is people--an ever-changing family of the people of God.

And here's the St. John's "family photo album" for 1986! It contains the portraits of many of our members and friends and can help us get to know each other better.

Sit down with this directory frequently enough to put names and faces together. Then each Sunday try to call people by name when you mingle with them before and after church. It will not only help them feel known and loved, but you will be surprised at how good it will make you feel too!

May God bless you as you continue to be a part of the St. John's family.

John Phipps,
Pastor Emeritus
